

A woman with long brown hair is sitting against a plain white background. She is wearing a light blue, chunky-knit turtleneck sweater with puffed sleeves and dark denim jeans. She is also wearing large, ornate gold earrings with multiple pearls. The text 'HAYLEY IMENZIES' is overlaid on the lower part of the sweater.

AUTUMN WINTER 2020

“  
**There’s no sensation to compare with this  
Suspended animation, a state of bliss  
Can’t keep my mind from the circling skies  
Tongue-tied and twisted just an earth-bound misfit**

Pink Floyd, Learning to Fly

## **HAYLEY MENZIES AUTUMN WINTER 2020 THE DRIFTERS**

For Autumn Winter 2020 the Hayley Menzies girl is a creature of the wind; restless, ever onwards; she puts her finger up to the breeze to see where the fun will take her next. In her most extensive collection to date, Menzies creates a wayward journey through an A-side and a B-side of skylscapes and dreams - always with a rebellious rhythm driving its bassline.

### **THE A-SIDE** Pre-Fall

The Drifters begin to take flight in the Pre-Fall collection. Bracing new prints bring us skywards: the Quill print, hand-drawn by Hayley, is a bright fusion of swirling feathers, whilst the Wings print is a graphic abstraction of the patterning on the wings of this season's totem, the majestic Gyrofalcon. A bird of prey with a fiery energy, the bird has been woven into jacquard dusters and

etched across velvet gowns, and drawn into the collection's most outstanding prints.

New shapes will fit seamlessly into the lives of bohemians and best dressed guests alike: sand-washed satin bed gowns come gently cropped to allow an easy pairing with a flat sandal, whilst Hayley's popular V-back slip dresses come with a bold chevron of sheer lace to make them rise to the most elegant occasion. Double-breasted tuxedo dresses are an assertive new shape for maximalist souls, while separates such as naïve puff sleeve blouses and high waisted trousers dish out ease and impact in equal measure. Especially in unapologetic shades of chartreuse and steely blue.

### **THE B-SIDE** Autumn Winter

The Drifters migrate to a land of fireside stories and starlit skies, and parties that turn into lore. A North American influence manifests in Apache feathers on richly woven cardigans, and a delicate folkloric print inspired by the embroidery on an antique Sioux glove. The

Wings print flourishes on a collection of form-defining jacquard knit dresses and separates, and reaches its magnificent apex in the white velvet gown, with its dramatic cut out back.

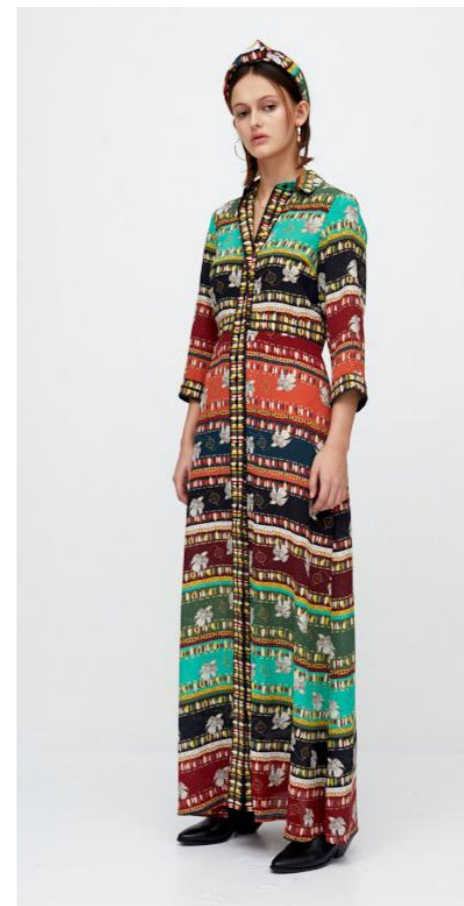

Velvet is a new departure for Menzies, but is treated with the same technical exactitude and drama as the silk prints. A silk-blend velvet column gown is given an intricate placement print inspired by Hayley's sitting room rug at home, and a groovy velvet co-ord set is printed with patchwork hexagons. The Amethyst Sky print, inspired by a Hole song, defines the heady starbound mood of the collection.

More is more for knitwear, which comes spiked with chartreuse and lavished with lace, with the magnificent hooded coat cloaking the entire collection in characteristic wilderness.

## THE STORY

Hayley Menzies' fashion training began in the London College of Fashion where she studied design and styling. Her career took a meandering route through London's wild rave scene to running a nightlife business, via yoga training in Thailand. It was in these years as a rock n'rolling stone that Hayley's unique aesthetic took shape.

In 2011, Hayley Menzies set up a stall in Portobello Market selling vintage fashion and handmade recycled fur scarves. Her sharp edits amassed a fast and loyal following of stylish women who inspired Hayley to set up her own brand. Through intuition and passion Hayley conceptualised her brand, a contemporary womenswear brand made for life's refined rebels.

Hayley Menzies is now stocked in over 100 stores in 17 countries worldwide.

## THE COLLECTIONS

The spirit of Portobello resides in each and every Hayley Menzies piece. It's a huntergatherer style, rich with references picked up at vintage stalls, travels to Goa or house parties that never end. Every collection conjures up a different fantasy and is meticulously pieced together using the finest fabrics. Hayley hand sketches each print and works with herself as a fit model to develop new silhouettes each season, expertly blending influences and ideas to create pieces that are as fresh and unique as the women who wear them. At Hayley Menzies we have an uncompromising approach to the quality of materials used and the finish of each garment, and this is what ultimately defines the long-lasting appeal of our collections.

## THE VALUES

We believe in the importance of sustainable practice. We stand for high quality products which are made to endure the adventures of our customers. The craft and fabrics of our collections are of utmost importance to us. All of our design development is done here in West London. We carefully source our knitwear yarns in Italy: from wool to lurex, everything is personally chosen by Hayley in Florence and is of the highest standard. We then work with a mother-and-daughter run factory in Romania to produce the pieces. Our silks are developed, printed and produced in the UK and pieced together in a family-run factory in Bulgaria. We know the people who make our beautiful pieces – this is integral to the Hayley Menzies ethic. We are constantly working on new ways to reduce our footprint and believe that our choices should have positive effect on the people, elements and the surrounding environment each step of the way.
