SS 2021

QL2-quelledue SS 21 collection is an Italian journey, a ode to our country its colors, landscapes, and wise craftsmanship.

Jacket, Pants, shirts and dresses are well balanced in different fabrics, creating unique outfits, sometimes formal, sometimes unconventional.

Tropical wools have brilliant colors as well as light textures and are well mixed up with denims, cotton drills, silk satins and crunchy poplin pastel stripes.

Summer explodes in big fancy leaves patterns combined with rich viscose, seersuckers and light weights for relaxed and travel-friendly garments.

Chlorophyll green, sky blue, solar yellow are well matched with wheat neutral tones, purple and tobacco brown, reminding beautiful landscapes between land and sea where the glance remember us the beauty of our beloved Italy.

Quelledue, which means those two in Italian, is a brand founded by two friends that, back in 2008, decided to take on a new challenge.

By joining forces and putting together their experiences, managerial background and creativity, they created a collection that fully mirrors their concept of luxury as something discrete and timeless.

Playing with feminine/masculine dichotomy, QL2 reinvents pants and other wardrobe essentials granting a unique and natural elegance.

The QL2 collection respects both environment and human beings by using the best materials and wise and mastered Italian craftsmanship.
