

SEETEEES: DADAUNPO' COLLECTION AW2017:

Seetees carries on from 2014 its cultural and artistic inspiration that characterize its chic-wear style.

Next AW17 Collection is inspired by the Dadaism Movement of 1917.

Graphics colours of t-shirts, handmade in Italy with Makò cotton, are reflected on reversible jumpers hoodies and waistcoat made with cachemire yarn with vanisè processing:

For the cold season Seetees has chosen colours such as green like the forest , yellow like yolk, blue like the sea and amaranth like cherries.

Seetees always tries to preserve its stylistic individuality with unique t-shirts or limited editions or with its reversible knitwear.

All garments are realized with italian yarns and all the production chain is verified daily by Seetees Team.

Seetees dedicates its garments to the person that understands the importance of materials and of the Made in Italy Style.
