

SEETEES: THE DEEPLY SUPERFICIAL COLLECTION: WOODSTOCK CAPSULE AW18:

Seetees carries on from 2014 its cultural and artistic inspiration that characterize its chic-wear style.

The AW18 Collection is still inspired by Warhol's manifesto "in the future everybody will be famous for fifteen minutes" but with an eye to the Woodstock Period as we are getting close to the 50th anniversary.

On these ironic egocentric basis Seetees brings on this AW18 Collection always with the opportunity of customizing the t-shirt putting your face on the t-shirt and having your own unique t-shirt

Graphics of t-shirts, handmade in Italy with Makò cotton or Jersey Cotton, are printed on reversible jumpers hoodies and waistcoat made with Cachemire or Merino Wool or Cotton yarn.

For the cold season Seetees has chosen again warm colours such as green like the forest, yellow like yolk, blue like the sea and amaranth like cherries.

Remember that Seetees always tries to preserve its stylistic individuality with unique t-shirts or limited editions or with its reversible knitwear.

All garments are realized with Italian yarns and all the production chain is verified daily by Seetees Team.

Seetees dedicates its garments to the person that understands the importance of materials and of the Made in Italy Style.
