

# ZADIG & VOLTAIRE

SNEAKERS FW17

Run Zadig run !

From Paris to New York, in the urban jungle of an ever-changing modern world. Effortlessly chic and laidback. Zadig & Voltaire plays with cool and uber-feminine looks. She is natural and confident. Just like her male alter-ego.

With a strong and upbeat step... oversized knits, military influences, lingerie silks and edgy leather pieces exude high-spirited energy. This is the Zadig life. Sneakers say it all-and they are the must-have item from the FW17 collection.

To each their own sneakers:

- Strong and ARTY styles jolted by pops of colour and bolts of lightning. In yellow, red and petrol blue.
- Irresistibly WILD! Camouflage, python and tropical designs leave their mark with "Leo", "Jungle", and "Rose" imprints.
- Low-top and high-top CLASSIC styles in graphic black and white that go with any look-day or night.

To each look, its own studded, embroidered, embossed or plain leather.  **MADE IN ITALY**
