TOGA PULLA / TOGA VIRILIS SPRING SUMMER 2022 COLLECTION

The collection is open to all genders, no boundaries.

Exploring gender fluidity throughout both stories, the clothes adopt the characters personality.

Femine and masculine materials feature throughout both, patchworked and detailed with flowery slits. Classic TOGA DNA; fair isle multi toned knits, pleating, loose tailoring, MA1 jackets updated and re-worked.

Functional items that are transformed, this is part of the approach.

Questioning the idea of masculinity and femininity.

This is a collection about enjoying fashion.
